

Odoo Tricks

Enable accounting odoo 15.0 community

1. En el modo developer buscar en grupos full accounting agregar al usuario al grupo

Como ver un reporte en HTML o PDF, usar las siguientes URL's:

- report/pdf/sale.report_saleorder/2893
- report/html/sale.report_saleorder/2893

password olvidado:

```
from passlib.hash import pbkdf2_sha512
print(pbkdf2_sha512.hash('YourNewStrongPassword'))
```

```
UPDATE res_users SET password = '$pbkdf2-sha512$25000$BWBmaW0NYey91xojpBQCwA$55KuPHH.HGjNoueDL47K57F4E06QnZnovv73hRy2mkU13LA16cK9pvR2FUM3q3.cgPjcbYu40e/dLAGvCusahQ' WHERE login = 'admin'
```

access group check box changed to list view how can i change back it to checkbox

1. Go to app menu and upgrade base module, or 2. Create custom group inside settings > groups > create, and then delete it

By doing one of these, you are triggering `_update_user_groups_view()` method inside base module. this method is responsible to show all available groups so when you create a new one, it will trigger a new view thus the view will go back to normal
